

**Date:** October 1<sup>st</sup> , 2025

**Subject:** Declaration of Per- and Polyfluoroalkyl Substances (PFAS) Compliance

**To Whom It May Concern,**

This letter serves to formally declare the status of Per- and Polyfluoroalkyl Substances (PFAS) in products manufactured and supplied by National Defense Solutions, LLC..

NDS, LLC. is committed to environmental health and safety and to meeting the regulatory and sustainability requirements of our customers. This declaration applies to all standard products and components sold or placed on the market by our company, specifically those referenced in our supply records prior to the signature date of this document.

**Declaration**

Based on our production knowledge and information collected through due diligence from our upstream supply chain, we hereby state the following:

- **No Intentional Addition:** To the best of our knowledge, [Your Company Name] does not intentionally add, use, or incorporate Per- and Polyfluoroalkyl Substances (PFAS) as raw materials, processing aids, or components in the manufacturing of our products.
- **Regulatory Compliance:** Our products and their manufacturing processes are designed to comply with applicable national, state, and international regulations regarding PFAS, including but not limited to the U.S. Environmental Protection Agency (EPA) and applicable European Union REACH restrictions.
- **Supplier Reliance:** This certification is based on material declarations, product specifications, and other information provided to us by our component and raw material suppliers. We take reasonable steps to ensure the accuracy of this information and communicate our requirements to our supply chain.
- **Transparency:** If the use of any specific PFAS is necessary for a product to meet its high-performance criteria and no alternative is available, we will declare its use in the product's datasheet. This process ensures transparency with our customers.

This statement is made in good faith and may regularly updated as new regulatory requirements or scientific information becomes available.

For any further questions regarding our environmental compliance, please contact our Compliance Department at [sales@natdefllc.com](mailto:sales@natdefllc.com)

Sincerely,

*James A. Fiocchi*
